Subject: Paragraph 7

Here are my proposed changes to Paragraph 7

I had to write the last section from memory. So, I may want to revisit it over the weekend. But, I send this to at least start the discussion. Also, I haven't proof-read it either.

Regards,

Fred

<<Protective Order Paragraph 7 Insert.docx>>

Prior to showing any Confidential Information to any of the individuals identified in Paragraph 5 (e) or 6(c) above, the party proposing to disclose such Confidential Information shall serve on the party that produced and the party that designated such Confidential Information a written "Designation" which includes: (i) the name and business address of the individual; (ii) the individuals' present occupation, employer and position; ~~and all other business affiliations for the past four (4) years;~~ (iii) ~~the most up to date~~ a copy of the individual's curriculum vitae; (iv) all relationships, including consulting and expert relationships if applicable (whether in support of or adverse), to any Party in this litigation or a Party's subsidiaries, divisions, affiliates, and/or parent corporations; (v) all relationships to any officer, director, employee, or attorney of any Party in this litigation; ~~and (vi) all consulting and expert relationships that individual has had over the past four (4) years in the field of color registration and control.~~

(a) Should the party that produced or designated such Confidential Information reasonably believe it would be harmed by the disclosure of Confidential Information to any individual designated, it may object to an expert's, consultant's or other individual's receipt of Confidential Information, the objecting Party shall serve written notice of its objection upon all Parties within ten (10) business days of receiving the Designation. The parties shall confer and attempt to resolve any dispute.

(b) If the parties are unable to resolve the objection on an informal basis, the objecting Party may request, and will have the burden of establishing entitlement to, appropriate relief from the Court. Any such relief shall be requested within twenty (20) days after service of the objection.

(c) No disclosure of Confidential Information shall be made to an expert, consultant, or other individual until either (1) the expiration of ten (10) business days after service of the Designation, without objection, or (2) the resolution of a pending motion in support of the objection to disclosure.

(d) Unless an individual identified in accordance with this Paragraph 7 has been designated as a testifying expert and has produced a corresponding Rule 26 Report, no party may conduct any discovery whatsoever regarding the identity of any individual for whom authorization was sought to disclose Confidential Information pursuant to this Paragraph 7, including, but not limited to, discovery regarding the fact that the individual was identified as someone to whom Confidential Information may have been provided. Further, the fact that an individual may have been provided with Confidential Information may not be mentioned or used in any manner at trial or at any hearing in this case, including, but not limited to, in either direct or cross-examination of any witness or in any party's case-in-chief or as rebuttal.

Let's speak at 3PM. We too received the call. We too are proceeding on the assumption of producing written answers, but we need the protective order in place to produce documents and information.
December 17 would be fine with us and within the schedule discussed and contemplated.

Subject: RE: quad v. qipc stipulated scheduling order 102809.DOC

Judge Robreno's deputy clerk called earlier this week while I was out of town. The Court thought the PI hearing was going to be on 11/2, although they couldn't find an order indicating as much. I spoke to the deputy and told him that although a date for the hearing may have been discussed in open court, I didn't recall the Court providing us with a specific date.

He indicated that the Court has one and half days starting either on December 1 or December 17. I am in Court in Burlington County all morning for the final pre-trial. We pick the jury Monday. Dave & Mike, if you're around this afternoon, I should be back in the office by 3 to discuss scheduling and other issues.

We have been proceeding so as to be able to respond to QI's discovery today. If we don't produce Leininger's report today, it will be produced over the weekend. As far as the protective order is concerned, we are at a loss to understand QI's position on this issue

given that the testimony presented to date is that the mRC system merely uses technology old in the art. At this point, if QI isn't willing to execute the order provided last week, subject to my earlier objections, then we are going to proceed based upon the evidence already of record and will move under Rule 37(c) to preclude QI's introduction of any evidence or testimony regarding the mRC's functionality which is inconsistent with that represented on its web pages and in its publically available documents.

Fred: I will modify the language. What we are concerned about is Leininger testifying that his opinion is based on someone else's analysis and opinion, and the someone else is unavailable for deposition and cross. Were we to do that to Quad, I'd expect an objection from you. I'll send revised language in an effort to work this out and in light of your trial, but you should know what our concerns are. David

Subject: RE: Revised paragraph seven of protective order

I will not agree to the changes to subparagraphs (d) and (e). There must be language in there about a limitation on the use of the information at trial, either during cross or direct. Also, the language which would permit discovery of a non-testifying expert is too broad.

At this point, Quad wants to get going with a hearing - as early as possible. This whole thing is holding up discovery needlessly. As I said before, if you client doesn't want to produce information about the workings of its system, that's fine. We're ready to go based on its public disclosures and Rule 37 will deal with the rest.

Subject: written discovery

Fred: Some time ago, we served on you QIPC's non-confidential responses and objections to Quad/Tech's written discovery. You have told me on several occasions that Quad/Tech's discovery responses are ready to go. We request that you serve by hand delivery today all non-confidential responses and documents. If we do not have the non-confidential information today by 5PM, we will move to compel. As to the confidential materials to be produced by Quad/Tech, perhaps we'll make progress today on the protective order, but if we do not, we'll let the Court decide. David

Subject: Re: revised para. seven

Fred:

Please send the proposed language now. It's not so complicated. It's a single paragraph or less.

Please understand that we know that we can ask your testifying expert about any communications with anyone, and we can ask Seymour and Sanio anything we want, except stuff protected by the Attorney-client privilege and stuff that's arguably completely irrelevant. We will agree that non-testifying experts won't be deposed and that we won't use at hearing or trial the fact that those persons did not provide a written expert opinion. We are concerned that you intend to designate the affiants Seymour and Sanio "non-testifying experts" and insulate them, in part, from fact discovery and limit our use of their deposition testimony at hearing and trial.

There can be no more delay. We first sent you a protective order on August 4. You have delayed agreement until the 11th hour and threatened to use your own delay against us. We need agreement today, before noon. Otherwise, we file an emergency motion on this issue.

Sincerely,

David

Subject: RE: revised para. seven

I'm out of town today but am willing to discuss this over the phone tomorrow, rather than through e-mail. All it really needs to say is that no discovery may be conducted regarding disclosure to a third party pursuant to Paragraph 7 based solely upon the fact that that individual was identified as someone to whom CI was disclosed and under those circumstances, there can be no mention of it at trial.

I will send proposed language so that we can then discuss it over the phone.

This is incredible. I agree that nothing in Paragraph 7 should ever preclude examining an expert on the sources of information upon which he relied, and if necessary, also deposing those sources directly. What I want is very simple, no mention at trial about the FACT that information was disclosed to some third party who did NOT thereafter render an expert report. I can't make it any clearer. What possible reasons could QI have for expressly including Jeff Sainio and John Seymour?

File your motion. However, let there be no misunderstanding. At this point, QI has not produced any evidence that its mRC system does not function as advertised. Quad/Tech intends to move pursuant to Rule 37(c) to preclude the presentation of any evidence, including any testimony based upon informatoi not produced, including striking the testimony of QI's expert if he/she relies upon such evidence.

Fred:

Thanks for the compliment. Maybe this can resolve the dispute. If you designate a person to receive attorneys-eyes only information (and never designate him as a testifying expert), 7-d below states that we won't take discovery against that person. We may object to him receiving the information, but that's different.

If we add your requested provisions about no use at trial, we would also want to add that we are not precluded from examining your testifying expert on communications with anyone, including those persons who also received attorney's eyes only information, yourself, agents of counsel, etc. All of that is fair game, always has been, always will be. Your testifying expert's testimony in response to such questions is also fair game. Since you have already produced an expert report, I'd think that the compromise below should work. If it doesn't, I'm genuinely surprised and will file for a protective order tomorrow.

David

Here is revised para. 7. See 7-d.

7. Prior to showing any Confidential Information to any of the individuals identified in Paragraph 5 (e) or 6(c) above, the party proposing to disclose such Confidential Information shall serve on the party that produced and/or designated such Confidential Information a written "Designation" which includes: (i) the name and business address of the individual; (ii) the individuals' present occupation, employer and position; (iii) a current copy of the individual's curriculum vitae; (iv) all relationships, including consulting and expert relationships if applicable (whether in support of or adverse), to any Party in this litigation or a Party's subsidiaries, divisions, affiliates, and/or parent corporations; and (v) all relationships to any officer, director, employee, or attorney of any Party in this litigation.

(a) Should the party that produced or designated such Confidential Information reasonably believe it would be harmed by the disclosure of Confidential Information to any individual designated, it may object to an expert's, consultant's, or other individual's receipt of Confidential Information. The objecting Party shall serve written notice of its objection upon all Parties within ten (10) business days of receiving the Designation. The parties shall confer and attempt to resolve any dispute.

(b) If the parties are unable to resolve the objection on an informal basis, the objecting Party may request, and will have the burden of establishing entitlement to, appropriate relief from the Court. Any such relief shall be requested within twenty (20) days after service of the objection.

(c) No disclosure of Confidential Information shall be made to an expert, consultant, or other individual until either (1) the expiration of ten (10) business days after service of the Designation, without objection, or (2) the resolution of a pending motion in support of the objection to disclosure.

(d) Unless an individual identified in accordance with this Paragraph 7 has been designated as a testifying expert and/or has produced a corresponding Rule 26 Report, no party may conduct any expert discovery directed to that individual. The Parties agree not to raise at trial the fact that non-testifying experts did not render expert opinions and/or testify in this litigation. Non-testifying experts shall not include fact witnesses associated with either party, including but not limited to, Jeffery Sainio and John Seymour. Notwithstanding the foregoing, communications among and between any testifying expert and other persons, including persons who have received Confidential Information, counsel, agents of counsel, declarants, and parties, are discoverable and may be presented at a hearing and the trial of this case.

(e) The parties reserve the right to conduct discovery of any individual given access to Confidential Information under this paragraph concerning an alleged violation of this Protective Order and/or other litigation misconduct.

Fred: With all respect, can you tell me why? Can you please provide some rational reason why this is so sensitive that it cannot become trial evidence? Recall that an enormous amount of information we will disclose, subject to the protective order, will be used and disclosed at trial. Why is this information that we might never seek so sensitive that we can't even mention it to a judge or jury? What are your concerns? David

David,

I plan on attending the Seymour and Sainio deps. I am not sure it was intentional but the dates you provided for those deps are Saturday and Sunday which I can not do because I have relatives coming in that weekend. How about Thursday and Friday the 19th and 20th?

Fred:

I received your voicemail. I'm in my office (215-772-7411). as requested, I am telling you by email that the following dates for depositions of your people are fine with me. Mike Onufrak will respond separately, but i believe the dates are acceptable to him.

Freeman--Nov. 17
Leininger--Nov. 18
Seymour--Nov. 21
Sainio--Nov. 22

However, a hearing date of December 1 is not acceptable. Under your proposed schedule, we won't be deposing the last of your witness until just before thanksgiving, and you won't be deposing our people until after thanksgiving. That's unrealistic, particularly since the court offered Dec. 17 for the hearing.

As to para. 7 of the protective order, the only para. at issue, I understand that you can't open the attachment on your blackberry, so I have attached the revised para. seven below. Please read it on the train from NYC and call me. Please recall that your issues were with subparagraphs (d) and (e). There should be no dispute. I would like to get this done today.

David

REVISED PARA. SEVEN

Prior to showing any Confidential Information to any of the individuals identified in Paragraph 5 (e) or 6(c) above, the party proposing to disclose such Confidential Information shall serve on the party that produced and/or designated such Confidential Information a written "Designation" which includes: (i) the name and business address of the individual; (ii) the individuals' present occupation, employer and position; (iii) a current copy of the individual's curriculum vitae; (iv) all relationships, including consulting and expert relationships if applicable (whether in support of or adverse), to any Party in this litigation or a Party's subsidiaries, divisions, affiliates, and/or parent corporations; and (v) all relationships to any officer, director, employee, or attorney of any Party in this litigation.

(a) Should the party that produced or designated such Confidential Information reasonably believe it would be harmed by the disclosure of Confidential Information to any individual designated, it may object to an expert's, consultant's, or other individual's receipt of Confidential Information. The objecting Party shall serve written notice of its objection upon all Parties within ten (10) business days of receiving the Designation. The parties shall confer and attempt to resolve any dispute.

(b) If the parties are unable to resolve the objection on an informal basis, the objecting Party may request, and will have the burden of establishing entitlement to, appropriate relief from the Court. Any such relief shall be requested within twenty (20) days after service of the objection.

(c) No disclosure of Confidential Information shall be made to an expert, consultant, or other individual until either (1) the expiration of ten (10) business days after service of the Designation, without objection, or (2) the resolution of a pending motion in support of the objection to disclosure.

(d) Unless an individual identified in accordance with this Paragraph 7 has been designated as a testifying expert and/or has produced a corresponding Rule 26 Report, no party may conduct any expert discovery directed to that individual.

(e) The parties reserve the right to conduct discovery of any individual given access to Confidential Information under this paragraph concerning an alleged violation of this Protective Order and/or other litigation misconduct.

Fred: with respect, that doesn't make sense. If we choose a date certain the court offered, that's when the hearing will happen, and the court will fill the other date. Mike and I want Dec. 17th and 18th. Also, the notion that all depositions can easily be completed and the entire case prepared by Dec. 1 when we don't even have discovery from Quad doesn't make sense. It also creates an overwhelming burden during the Thanksgiving holiday, and I'm booked to be out of town for three days during that holiday. Please reconsider. David

The scheduling of the defense depositions is a critical aspect of the schedule. You agreed that they would be done on the week of November 30. Now you want a hearing on December 1, when the Court is available on the December 17 and 18. What difference does it make?

The documents are sitting on my secretary's desk marked and ready to go. The responses are also ready. I called yesterday and sent at least one e-mail knowing that I had to be in NYC today. I called yesterday to discuss the fact that other than the scheduling of the QI witness depositions, there is absolutely no reason not to have this hearing on the 1st. I will try and call this afternoon.

Civil Action No. 09-CV-2561

Honorable Eduardo C. Robreno

STIPULATED SCHEDULING ORDER

AND NOW, this day of , 2009, it is hereby ORDERED and DECREED

that the parties shall abide by the following schedule:

1. All parties agree to serve initial disclosures pursuant to Rule 26 of the Federal Rules of Civil Procedure and answers and objections to all outstanding interrogatories and document requests on or before October 30, 2009. The parties agree to produce responsive documents soon thereafter, including responsive confidential documents after the entry of a protective order.
2. Quad/Tech agrees to produce for depositions in Philadelphia, PA all identified preliminary injunction witnesses, including Leinginger, Seymour, Sainio and Freeman during the week of November 16, 2009.
3. Defendants will produce for depositions in Philadelphia their witnesses for the preliminary injunction hearing (Macko, van Holten, Ferron and an expert) during the week of November 30, 2009.
4. Quad/Tech shall comply with Federal Rule of Civil Procedure 26(a)(2) on or before November 4, 2009 by producing its expert report and his curriculum vitae.

5. If the defendants intend to call an expert witness at the preliminary injunction hearing, the defendants shall comply with Federal Rule of Civil Procedure 26(a)(2) two weeks after plaintiff produces its expert report.

6. The Court will hold a preliminary injunction hearing on December 17 and 18, 2009.

7. The parties agree that only issues pertinent to the preliminary injunction hearing will be the issues raised by the Motion for Preliminary Injunction. The parties shall not be precluded from taking general discovery from each other after the preliminary injunction hearing.

It is so Stipulated.

It is so Ordered:

BY THE COURT:

Honorable Eduardo C. Robreno
United States District Judge

From: Langfitt, David
Sent: Friday, November 06, 2009 10:07 AM
To: Michael N. Onufrak (onufrakm@whiteandwilliams.com); Michael O. Kassak (kassakm@whiteandwilliams.com); Frederick A. Tecce
Subject: qipc/quad scheduling order.DOC

Gentlemen: It's time to sign this and send it to the Court. Can you agree to the terms? It seems like we already have. As to the protective order, I will send Fred a revised para. seven and try to work out all issues today. David

Civil Action No. 09-CV-2561

Honorable Eduardo C. Robreno

STIPULATED SCHEDULING ORDER

AND NOW, this day of , 2009, it is hereby ORDERED and DECREED
that the parties shall abide by the following schedule:

1. All parties agree to serve initial disclosures pursuant to Rule 26 of the Federal Rules of Civil Procedure and answers and objections to all outstanding interrogatories and document requests on or before October 30, 2009. The parties agree to produce responsive documents soon thereafter, including responsive confidential documents after the entry of a protective order.

2. Quad/Tech agrees to produce for depositions in Philadelphia, PA all identified preliminary injunction witnesses, including Leinginger, Seymour, Sainio and Freeman during the week of November 16, 2009.

3. Defendants will produce for depositions in Philadelphia their witnesses for the preliminary injunction hearing (Macko, van Holten, Ferron and an expert) during the week of November 30, 2009.

4. Quad/Tech shall comply with Federal Rule of Civil Procedure 26(a)(2) on or before November 4, 2009 by producing its expert report and his curriculum vitae.

5. If the defendants intend to call an expert witness at the preliminary injunction hearing, the defendants shall comply with Federal Rule of Civil Procedure 26(a)(2) two weeks after plaintiff produces its expert report.

6. The Court will hold a preliminary injunction hearing on December 17 and 18, 2009.

7. The parties agree that only issues pertinent to the preliminary injunction hearing will be the issues raised by the Motion for Preliminary Injunction. The parties shall not be precluded from taking general discovery from each other after the preliminary injunction hearing.

It is so Stipulated.
